

CALL TO ACTION

Issue N1: People Love Machines in 2026 A.D

In an age where technology evolves faster than ever we invite you not to fear it but to **embrace it with awareness and creativity**. At the heart of every art form lies the human mind your imagination your vision your story.

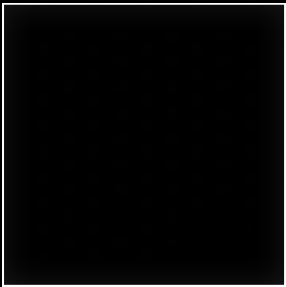

For this issue we encourage experimentation in every form. Play with desaturated colors prosthetic make-up set design CGI and AI-driven graphics. Explore technology innovation and the future but **never forget the most poetic tool at your disposal your own mind**.

Here creativity meets curiosity. Surprise us challenge yourself and show us the narratives only you can tell.

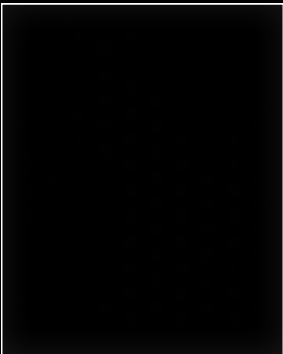

Below readers will find the specific formats and requirements for submitting your projects.

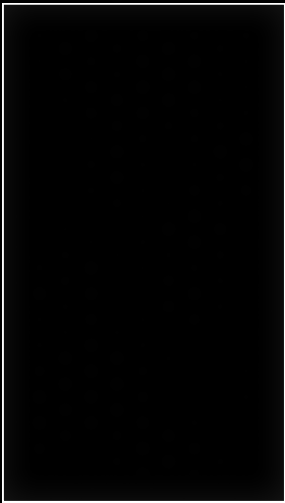

SOCIAL

1080x1080 [1:1]

1080x1350 [4:5]

1080x1920 [9:16]

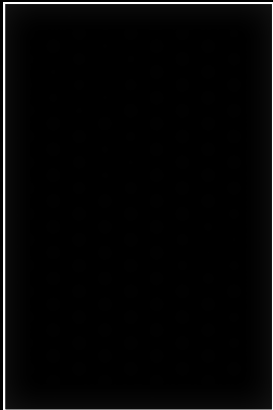

1920x1080 [16:9]

WEBSITE

2179x957 [desktop]

656x1000 [mobile]

^{NB} Sizes shown are expressed in pixels. Social sizes might also be suitable for website, but the website sizes shown are preferred for that medium. The aspect ratio is what matters the most. The sizes shown are the minimum accepted dimensions for files. If you happen to have only CMYK color profile files, please note it during the submission.
